EyeMed Provider Network

We continue to make the EyeMed network more accessible to our members. Therefore, provider locations are subject to change. We recommend calling ahead to confirm the provider's participation in the program.

The EyeMed network consists of private practice optometrists, ophthalmologists, opticians, and some of the nation's top optical retailers including LensCrafters, Target Optical, Sears Optical and most Pearle Vision locations. Our providers are ready to serve all your eye care needs with their professional services and products.
